ANDREW LEVINSON

Data Visualizer & Product Designer

EXPERIENCE

Product Designer

Devbridge Group | May 2017 — June 2018

- Work as part of a cross-functional team of engineers, product managers, and designers in a dual-track Scrum workflow, building large, complex digital products
- Various design process activities: research, user personas, sitemaps, user flows, wireframes, user testing plans, interface designs, style guides, and more

Apprentice Product Designer

Bloc | Jan 2017 — May 2017

- Designed UX and UI for sports analytics mobile app
- Designed and developed productivity web application
- Conducted user research and interviews, wireframing, branding, mockups, prototyping, and usability tests
- Built websites with HTML/CSS/JS/JQuery

Senior Analyst | Analyst (Consulting)

Accelerated Growth Advisors | Sep. 2014 — Jan. 2017

- Designed, developed, and implemented dynamic financial models, tools, and dashboards
- Rebuilt financial and operational infrastructure for \$2 \$60MM companies
- Promoted to Senior Analyst in one year
- Led internal R&D team to reduce built-time by 75%
- Taught classes related to finance & accounting, Excel modeling, and project management

Professional Touring Musician

MONSTERS (Signed Band) | Apr. 2008 — Apr. 2011

- Composed music, recorded albums, and toured nationally and internationally
- Managed the band's creative direction, financing, merchandising, and logistics
